GEOSTATIONARY OPERATIONAL ENVIRONMENTAL SATELLITES: ADDITIONAL ACTION NEEDED TO INCORPORATE LESSONS LEARNED FROM OTHER SATELLITE PROGRAMS: GAO-06-1129 (PAPERBACK)

Bibliogov, United States, 2013. Paperback. Book Condition: New. 246 x 189 mm. Language: English . Brand New Book ***** Print on Demand *****.The National Oceanic and Atmospheric Administration (NOAA) plans to procure the next generation of geostationary operational environmental satellites, called the Geostationary Operational Environmental Satellites-R series (GOES-R). This new series is considered critical to the United States ability to maintain the continuity of data required for weather forecasting through the year 2028. GAO was asked to summarize and update its report previously issued to the Subcommittee on Environment, Technology, and Standards--Geostationary Operational Environmental Satellites: Steps Remain in Incorporating Lessons Learned from Other Satellite Programs, GAO-06-993(Washington, D.C.: Sept. 6, 2006). This report (1) determines the status of and plans for the GOES-R series procurement, and (2) identifies and evaluates the actions that the program management team is taking to ensure that past problems experienced in procuring other satellite programs are not repeated.
