Complete guide! Its such a great study. I am quite late in start reading this one, but better then never. It is extremely difficult to leave it before concluding, once you begin to read the book.

MINDBENDERS

Little David. Paperback. Book Condition: New. Paperback. 274 pages. Dimensions: 8.5in. x 5.5in. x 0.7in. A dead-on thriller for the decade. . . I cant imagine anyone reading this and not wanting more. --Thomas F. Monteleone, author of the NY Times bestseller, The Blood of the Lamb and The Complete Idiots Guide to Writing a Novel If you could hear the thoughts of every person for three blocks around-the regrets, rationalizations, commercial jingles, the lies that hide what they cant bear to think-how could you ever trust anyone And if you could make them believe anything you wanted, how could you ever trust yourself Max Renn is a legend of the Soviet mind control program, a genetic experiment, the product of three generations of psychics bred by the state for their power. Before his first mission, the Soviet Union collapses and he disappears. We meet him twenty years later in the Everglades, keeping as far from people as he can get, until his best friend-his only friend-is murdered and he is forced to assemble a team of people like him to fight the international conspiracy behind the murder. Ted Krever has been a writer to watch, now hes a writer to read. Do not miss MINDBENDERS. -F. Paul Wilson, author of the NY Times bestseller The Keep and the Repairman Jack novels. Ted Krever is a great storyteller, but more importantly, the stories he creates and writes are ones that I want to read. In this ADD era, where even e-mails are considered too long, Teds work commands my attention. It is definitely worthy of yours too. -David Leaf, biographer and award-winning writer/director/producer of such films as The Night James Brown Saved Boston, The U. S. Vs. John Lennon and BEAUTIFUL DREAMER: Brian Wilson and The Story of SMiLE. This item ships from multiple locations. Your book...
