Reviews

This pdf will be worth buying. Better than never, though i am quite late in start reading this one. I am easily can get a enjoyment of reading through a published book.

(Paul Ankunding)

THE ONION AND PHILOSOPHY: FAKE NEWS STORY TRUE, ALLEGES INDIGNANT AREA PR

Open Court. 1 Paperback(s), 2010. soft. Book Condition: New. This book, part of the Popular Culture and Philosophy series (in which scholars introduce authentic philosophical thought through famous voices in entertainment) is full of philosophical chutzpah from internationally acclaimed super-intellectuals on all of the best Onion articles ever published (indexed for your convenience at the back). You could repeat some of these comments as if you'd just thought of them, at a party or some other situation where everyone suddenly runs out of things to say. Actually, it's not so much that they've run out of things to say as that they're all thinking of telling Tina that she just called Kyle "Carl" by mistake, but they are too embarrassed and Tina's too high to care anyway. Another selling point about this book is that God has personally recommended it. In fact, He has stated that reading this book is much less likely to send him into a frenzy of genocidal wrath than anything else you might possibly think of doing. Reached at his Malibu pied-à-terre, His Almightyness commented: "This book makes excellent bathroom reading. I should know. Sometimes I'm in there for a long time" (Associated Press)."The publishers sent me this book because they think that being an anarchist is a joke. But philosophy is no laughing matter. At least, I thought it wasn't until I read The Onion and Philosophy."Robert Paul Wolff"A deep philosophical analysis of our most important news source. As Descartes said after reading The Onion, 'Rideo ergo sum'." Steven Nadler 286.
