Brand New Book ***** Print on Demand *****.It was Sunday evening, and on Sundays Max Schurz, the chief of the London Socialists, always held his weekly receptions. That night his cosmopolitan refugee friends were all at liberty; his French disciples could pour in from the little lanes and courts in Soho, where, since the Commune, they had plied their peaceful trades as engravers, picture-framers, artists -colourmen, models, pointers, and so forth-for most of them were hangers-on in one way or another of the artistic world; his German adherents could stroll round, pipe in mouth, from their printing-houses, their ham-and-beef shops, or their naturalists chambers, where they stuffed birds or set up exotic butterflies in little cabinets-for most of them were more or less literary or scientific in their pursuits; and his few English sympathisers, chiefly dissatisfied philosophical Radicals of the upper classes, could drop in casually for a chat and a smoke, on their way home from the churches to which they had been dutifully escorting their un-emancipated wives and sisters. Max Schurz kept open house for all on Sunday evenings, and there was not a drawing-room in London better filled than his with the very advanced and not undistinguished set who alone had the much-prized entree of his exclusive salon.
