Moms Who Killed Their Kids: True Stories about Moms Who Became Killers and Murde (Paperback)

By Alexander Scott

Createspace, United States, 2015. Paperback. Book Condition: New. 203 x 127 mm. Language: English . Brand New Book ***** Print on Demand *****.Moms Who Kill Mothers are supposed to be protective and shield their children from danger and destruction. Every child expects their mom to be there for them and instinctively trusts them. They would never expect their own mother of being able to commit such crimes, but they do. Why Do They Commit These Acts Of Maternal Filicide Maternal filicide is the technical term for the act of a mother killing her child. It is usually children under the age of eight who are killed by their mothers; those over the age of eight are more likely to be killed by their fathers. So what can make a mother cross the line and actually kill her own child-or, in some cases, children? A history of mental illness, drug abuse, and even perceived altruistic reasons have all been seen in these horrible cases. Andrea Yates, famous for drowning her children in the family bathtub, had a known history of post-partum depression and psychosis and had been advised not to have any further children. In some cases, the mother may stop taking her medication...
